

# WOLF CREEK ONLINE HIGH SCHOOL NEWSLETTER

[www.triowolfcreek.com](http://www.triowolfcreek.com)

Wolf Creek Parents & Guardians,

We have now officially reached the mid-point of the 2025-26 school year. You will find your student's 2<sup>nd</sup> quarter report card attached to their progress report. Please take a moment to sit down with your child and discuss their progress so far this year. Full-time students should be earning 1.75 credits each quarter to stay on track for graduation. Hopefully, your student is doing well, and the grade report reflects this. If not, please contact your child's Learning Manager and schedule a time to discuss a plan to get on track. All of our students set academic goals with their LMs, and parents/guardians should be a part of supporting them in attaining their goals. As for a mid-year update: We are experiencing record levels of enrollment and have temporarily paused taking new enrollments to ensure adequate staffing to meet our students' needs. We pride ourselves on being able to provide an individualized online learning program for our students, and in order to give each of our students the support they require, we occasionally need to pause enrollment. Our school is based on a "small community" school philosophy. We believe that small numbers allow each Learning Manager to build a long-lasting relationship with their students. Our mission is not to be the biggest online high school in Minnesota, but rather the best. If you know of any friends or family who might be interested in enrolling with us, please encourage them to do so sooner rather than later, as we take students on a first-come, first-served basis as space allows.

I'd like to thank you for choosing Wolf Creek Online High School as the institution you trust to educate your child. We appreciate the opportunity to work with you and your student. If you ever have a concern or suggestion for improvement, we welcome your input. You are as much a part of our school family as your child is. Please feel free to reach out with any questions, and let us know what we can do for you and your student.

Thank you.

Sincerely,

Mike Hamernick
